  - 2) A May 25, 2001 letter from Mr. James Coffey of NC DENR to Mr. Robert Waldrop listing needed changes, additions and explanations of information in Reference # (1), above.
  - 3) Your June 22, 2001 letter to William Hocutt of NC DENR responding to the requested changes, additions and explanations specified in Reference # (2), above. The revised estimated start and completion dates submitted became July 25, 2001 and August 1, 2004 respectively.
  - 4) A July 5, 2001 letter from Mr. James Coffey of NC DENR to Mr. Robert Waldrop stating that your References # (1) and # (3), above, when combined, satisfy the requirements of the Section .1703 rule for notification of proposed coal ash structural fill projects.
  - 5) Your April 25, 2003 letter to William Hocutt of NC DENR notifying the Division of changes being made in the Design and Operation of the Brandywine Industrial Park Structural Fill Project. The estimated start and completion dates for the project are revised to be May 28, 2003 and August 1, 2006 respectively.

Dear Mr. Waldrop:

Your April 25, 2003 letter [reference #(5), above] states that no coal ash has been placed at this site to date. Further, you indicate that your plans are to begin placing ash on the site beginning May 28, 2003. Please understand that the changes which are being proposed in your April 25, 2003 communication will require review and acceptance by the Division before any ash can be placed on this site. **The Reference #4 letter is no longer in effect.**

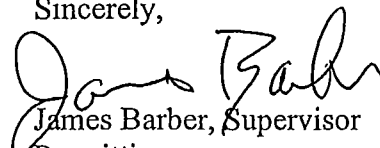

Therefore, in reference to your April 25, 2003 letter and attachments, please understand that the Division is not going to review those Brandywine site proposed design and operation changes until the problems under investigation at the Swift Creek project have been resolved.
